

# Barbering Apprentice (50-502-5) Effective 2024/2025

### Program Description

Barbers focus on providing hair and shaving services to enhance clients' appearance. Those who operate their own barbering establishments may have managerial duties that include: hiring and supervising employees; keeping business records; maintaining licenses, permits and insurance; controlling inventory and ordering supplies, and developing marketing plans. Barbers cut, trim, shampoo, and style hair, mostly for male clients. They also may fit hairpieces and offer facial shaving. In every state, barbers are licensed to color, bleach, and highlight hair and to offer permanent-wave services. Common tools include combs, scissors, razors, and clippers. "Barbering" means, for compensation, arranging, styling, dressing, shampooing, cleansing, curling, dyeing, tinting, coloring, bleaching, waving, cutting, shaving, trimming, relaxing, or performing similar work upon the hair of the head, neck, or face of any person by any means.

### Program Learning Outcomes

Graduates will be able to:

1. Apply safety and infection control procedures.
