

Arborist Apprentice (50-001-1) Effective 2025/2026

Program Description

Urban forestry combines the science of arboriculture with urban tree management strategies, emphasizing the practical disciplines related to tree planting; tree care and protection, and the retention of a healthy urban tree population for the benefits the trees provide to the community. The urban environment can present many arboricultural challenges such as limited root and canopy space, poor soil quality, deficiency or excess of water and light, heat, pollution, mechanical and chemical damage to trees, and mitigation of tree-related hazards. In this occupation and trade, arborists utilize the science of Arboriculture to manage trees planted in and around human occupied areas. Arborists are individuals trained in the art and science of planting, pruning, and the overall caring for, and maintenance of individual trees. They perform the related job duties and tasks associated with maintaining a viable and safe urban tree population managed by private homeowners and their trees, and urban foresters who manage city tree populations.

Get Started as an Apprentice

1. You should apply directly to employers, and entry requirement vary by employer.
2. If you need assistance finding an employer who will take you on as an apprentice, don't hesitate to get in touch with the local WI DWD-BAS Apprenticeship Training Representative at 414.216.8417 to find an employer who has been approved to train apprentices. You can also find apprenticeship employers at <https://dwd.wisconsin.gov/apprenticeship/ra/applicants.htm>.
3. Once your contract is in place with your employer and WI DWD-BAS, Gateway's Apprenticeship department will communicate with you regarding registration, classes and books.
4. You can contact Gateway's Apprenticeship department at apprenticeship@gtc.edu or 262.564.2954.

Graduation Requirements

- *Minimum of 2.0 ("C") or above for all required courses.
- Meet minimum hourly paid related instruction requirements per WI Registered Apprenticeship Contract.

Notes

1. Students must be physically able to perform the job.
2. Students must be 18 years of age and submit official high school, GED, or HSED transcript including a graduation or passing date.
3. Students must complete all courses with a grade of "C" or better.
4. Students must have a valid driver's license and pass an aptitude test.
5. Arborists work outdoors in all kinds of weather for extended periods of time. The work is physically demanding and requires dangerous equipment such as chainsaws. Moreover, the work is often performed at heights, so arborists use fall-protection gear in addition to personal protective equipment.
