

Enrolling at GATEWAY... that's smart.

Flexibility

Gateway offers day, evening, Saturday, and online courses so students can finish their degree within two years of full-time attendance, or work full time and take courses when they can. Many students get entry-level jobs in their field while also taking classes, and advance in their position at the company once they graduate.

Hands-on Training

Many graduates say the career-oriented activities were what they liked best about their Gateway education. Some instructors have class projects involving learning while on the job at nonprofit organizations. Some club activities offer opportunities for career-oriented projects for area businesses or personal development.

Diversity

Gateway encourages a diverse population in terms of age, race, gender, and life experiences. The average age of a Gateway student is 32 years old; 28 percent of the student population is nonwhite; 52 percent is female. Our students include new high school graduates, career changers, incumbent workers seeking skill upgrades, women returning to the workforce after raising families, and workers who lost their jobs due to company closings.

Tutoring and Help

Gateway wants to help its students achieve success. Students have access to English Language Learner classes, the Adult Learning Center, the Tutoring Center, and more. Many instructors encourage students to form study groups. Student who take the initiative **WILL** be successful.

for your career preparation

2010 - 2011

Getting the Facts!

You may be eligible for financial aid if:

- Your resources (savings, earnings, parent contribution) are less than the cost of attendance at Gateway Technical College. "Cost of Attendance" includes tuition and fees, books and supplies, room and board, transportation, and personal expenses for most Gateway degree/diploma granting programs.
- You are enrolled in a program involving at least one semester's worth of course work (16 credits).
- You are registered for at least 6 credits worth of classes during a semester.
- You are a United States citizen or eligible noncitizen.

For more information or financial aid, payment plans, scholarships, veterans benefits and more visit our website at www.gtc.edu/payforcollege

Sources of Funding

Grants - Need not be repaid. Federal and State Grants are available.

Loans - Low interest federal loans are available. Repayment begins 6 months after graduation or registration of fewer than 6 credits.

Other Sources

Veterans Benefits (state and/or federal)

Vocational Rehabilitation Benefits
- Federal & State

Tuition Reimbursement Programs Through Your Employer (Check with the Employment Relations OR Human Resources office where you or your parents work.)

You may be eligible for funds through

Wisconsin Educational Opportunity Program
2113 N. Wisconsin • Racine, WI 53402
Phone: 262.638.7370

You must be a Wisconsin resident to qualify for this supplementary grant program.

Scholarship Information

- The Library on each campus carries additional scholarship informational materials and books.
- Scholarship information and Gateway Foundation Scholarship Applications can be found at www.gtc.edu/scholarships

Admission into an Advanced Technical Certificate requires the completion of an Associate Degree or equivalent. Equivalency can be earned through a combination of prior class work and/or current work experience. For equivalency information, call the campus counselor.

Gateway Technical College reserves the right to modify curriculum requirements for students who interrupt enrollment

NOTE: Tuition cost per credit for in-state residents is currently \$106.00. Out-of-state residents need to see a Gateway Admissions Counselor.

for a period of two years or take over seven years to complete.

Tuition and material fees are determined by the board of the Wisconsin Technical College System.
