

Think

**BIG**

**BIG posters! BIG futures!**

**FREE** customized graphics designed to fit your school *and* guaranteed to get your students thinking about their career future!

# Inspire your students to Think BIG about their futures!

Gateway Technical College is excited to be offering area high schools a selection of amazing graphics at no cost.

Getting a great graphic in your school is as easy as 1-2-3.

1. Find a great space at your school. High traffic hallways, open wall in the cafeteria, large space near the entrance, a visible wall near your guidance office -- the possibilities are endless -- just Think Big!
2. Select your graphic and size. Browse through our Think Big catalog and find the perfect image and graphic size for your school. Don't see a perfect fit? Let us know, we can help make a graphic work in your space.
3. Let us know your graphic choice, size and location selection. We'll take it from there and work with you and our sign vendor to measure, find the right material (vinyl, mounted sign, etc.) and get the sign installed -- all at no cost to you!

Size:

**72 x 39 inches**

# Option 5

**Size:**

**36 x 36 inches each (set of 3)**

**(126 inches total when including  
9 inches of space between each panel)**

# Option 6

The advertisement features a central graphic with a blue background and a grid of hexagonal images. The hexagons show students in various fields: a scientist in a lab, a chef, a construction worker, a nurse, a police officer, a student working on a computer, a student working on a car, a student working on a robot, a student working on a tree, and a student working on a yellow robotic arm. In the center, three students are featured: a male police officer, a female nurse, and a male police officer. The text 'LIFE is BIG. (Be prepared.)' is prominently displayed in the center. The Gateway Technical College logo is at the top center, and the website 'GTC.EDU' is at the bottom center. The Gateway Technical College logo is also at the bottom left and right corners.
