

2025-2026 Certificate

Certificate: Barber/Cosmetology Instructor - Certificate (95-502-1)

Credits: 3.75 credits

Description: Wisconsin Act 82 generally retains the state's instructor certificates for cosmetology, barbering, aesthetics, electrology, and manicuring under current law, except that the act provides that applicants pay only a one-time certificate fee and that DSPS is prohibited from requiring renewal of the certificate. In addition, Act 82 prohibits a person from using a title that states, implies, or represents that they are a Wisconsin-certified instructor unless they are certified as an instructor in Wisconsin. The act also allows licensed cosmetologists, barbers, aestheticians, electrologists, or manicurists to provide practical instruction in that given field, addition to the persons who are certified as an instructor.

Related Program: Cosmetology – Barber Technician
